## **Shooter Information**

**SAFETY ISSUE:** Shooters, please DO NOT shoot a rifle on the pistol range. The pistol range is designed for handgun use only. The safety berm at the pistol range is not designed to handle the higher capacity rifle loads. If you see anyone shooting a rifle on the pistol range please kindly let them know that rifle shooting is limited to the rifle range ONLY.

**SAFETY ISSUE:** Please be advised that if the farmer is working his property behind the rifle range the rifle range is closed.

All shooters and their guests are reminded to please PICK UP YOUR BRASS after shooting. If you see a club member or their guest departing the shooting range without picking up their brass, please kindly remind them. Please keep the shooting range clean!

If you are shooting and have guests, you must sign everyone in on the sign-in sheet prior to going to the range. So, if you have 5 people shooting, then there should be five names signed in.

## Entry Gate Caution

**...PLEASE BE AWARE!**

Please be aware that only one vehicle at a time should come through the main gate. The gate has been replaced at least three times because someone tried to drive a vehicle with trailer through the gate and broke the gate. If you need to bring more than one vehicle or vehicle with trailer through the gate, please contact Frank so he can lock the gate up so you can pass through without damage to the gate or your vehicle.

## Handicap Parking

In case you haven't noticed the signs posted on the walls in front of the Clubhouse bar, those parking spots are reserved for our handicapped members only. **Please show a little courtesy to our handicapped members by not parking in those spots.**

It is especially important that Club Members observe the posted Handicapped Parking areas during Board meetings, general membership meetings, and special events when there will be many people in attendance. Thank you for your cooperation.
